UnderDuct Configurations

FITTINGS

Standard fittings included:

Elbows, Tees, Laterals, Y's Reducers, Dampers, Register, Boxes, Square-to-Rounds, Crosses, Flanges.

COLORS

A wide range of colors are available for overhead exposed applications.

SINGLE WALL (any configuration available)

Our Class 1 rated single wall duct, meets 25/50 flame/smoke requirements of UL 181. Monoxivent UnderDuct 824 Low Smoke has been accepted for HVAC and occupied industrial areas. It is an excellent choice for Corrosive environments where flame and smoke development are a concern, such as laboratories and swimming pools.

DOUBLE WALL (any configuration available)

Double wall Monoxivent UnderDuct will eliminate any thermal losses and save time and money compared to insulating on site. When supplied with the standard 1" insulation, the duct has a k factor of 0.14 and an R value of 7. Also available in R-5, R-10, R-14 by request.
